

## Cystic Fibrosis (CF)

If you have just found out through carrier testing that you and/or your partner are carriers of cystic fibrosis or through prenatal testing that your baby has cystic fibrosis or may have cystic fibrosis and are looking for more information, Genetic Support Foundation is a good starting point.

There are other important resources out there, including your doctor and genetic counselor. We have also compiled a list of resources that can provide you with additional information and support.

After reviewing the information below, if you have a question that you are having difficulty finding an answer for, please feel free to [contact us](#).
