Make a Gift to
Genetic Support Foundation

Philanthropy helps to provide essential resources supporting Genetic Support Foundation’s mission to improve the quality of healthcare by providing up-to-date, objective genetic information to patients, providers, and healthcare organizations.

Your support at any level helps those in need of genetic services, and facilitates the adoption of best genetic practices.

“GSF helped me so much through the process of learning of my BRCA 1 status. I hope this organization will be a resource for my young sons when they are ready to learn more about their own genetic health.” – Nicole M.

Genetic Support Foundation
2010 Caton Way SW
Suite 102
Olympia, WA 98502

Checks should be payable to Genetic Support Foundation.

Tribute Gifts

Gifts given in the name of a loved one, in honor of a memory or celebration, or as a special occasion, can be a gratifying way to support GSF and the patients who are affected by our services. A letter of thanks and notice of contribution will be sent to the family to notify them of your generous gift. Please contact us if you would like your donation to be a tribute.

Planned Giving

Create a legacy through philanthropy by making a donation through your estate or other planned giving arrangements. Make a statement about a cause that is meaningful to you. Please contact us if you would like to make a gift through planned giving.

More Information

Learn more about how you can help or how your gifts are making a difference, by contacting GSF Executive Director, Katie Stoll, at kstoll@geneticsupport.org or 844.743.6384 ext 701.
